

FLEXCARE+

Philips Sonicare FlexCare+

Using FlexCare+ is a daily routine that helps to improve the health of your gums, the foundation of good oral health. The unique Gum Care mode helps you pay special attention to problem areas that your dentist or hygienist may have pointed out. As a result, FlexCare+ is proven to improve gum health in only two weeks. It also decreases gum bleeding and helps prevent recession, contributing to a lifetime of good oral health.

Five Cleaning Modes

Includes the thorough Gum Care mode and Refresh mode.

Hidden Display Panel

When on, unique backlight indicates selected mode. When off, display becomes invisible for a clean look.

Two Brush Head Sizes with Reminder Bristles

Choose a Standard brush head for all-around cleaning or a Mini brush head for a focused clean.

Three-week Battery Life

Rechargeable battery lasts three weeks between chargings.

Quadpacer

30-second interval timer encourages thorough brushing of each quadrant of the mouth.

Built-in UV Brush Head Sanitizer

Specially engineered Philips UV sanitizer helps kill up to 99% of bacteria and viruses* on the brush head in only ten minutes.

Gum Care Mode

Full three-minute clean for improved gum health.

Warranty

Two-year warranty from Philips.
